Every space can be different with Amtico Signature. Whether your taste is simple, relaxed and classic, or bold, glamorous and contemporary, you'll find something to suit your style among the wide range of Wood, Stone and Abstract design options.

Add charm and character to your interior scheme with your choice of our laying patterns. Go for a classic Parquet or a modern Random Plank to bring your own signature style to life. Or choose from our Designers' Choice collection, a range of pre-designed floors, where the perfect product combinations have been carefully selected by our Designers for you.

For an effect that's both simple and dramatic, a motif is a cool, contemporary alternative to a rug. In front of a sofa, or gracing the hallway as you open the front door, these patterns will liven up any floor. Choose your design, select your Amtico Signature product and add accent to your space.

ENHANCE AND DEFINE YOUR LOOK

Create a striking effect in any room by framing the floor with a geometric edge.

If you think of a room as a piece of artwork, a border on your floor is the frame. When pulling a scheme together, the simplicity of a slim line or a bold Art Deco pattern adds interest and smartens up any interior. Perfect for defining areas in a free-flowing space or sharpening up the aesthetics of a lounge, choose your border, select your Amtico Signature product and bring your floor to life. There is still a place in every home for traditional borders, which are the perfect way to define your look and create simple definition and a seamless flow.
